ELECTRIC:

Rider Power Cost Adjustment (Rider PCA)

This Rider is applicable to and becomes a part of each electric service contract and rate schedule in which reference is made to Rider Power Cost Adjustment (Rider PCA).

When the cost of power supply related costs and expenses incurred by the City increases above \$0.06500/kWh-sold, the rate for electric service shall be increased in accordance with the following formula:

$$PCA = ((P+R)/S) - B$$

Where:

PCA = Power Cost Adjustment expressed in dollars per kWh- sold rounded to the nearest five decimal places
P = Total power supply related costs and expenses expressed in dollars
S = Energy sales expressed in kWh to which Rider PCA is to be applied
R = Reconciliation of the cumulative over or under recovery of power supply related costs and expenses from preceding collection periods expressed in dollars and computed as the difference between the previous Rider PCA revenues collected and the power supply related costs and expenses incurred commencing January 1, 2015
B = Power supply related costs and expenses included in the electric base rates, which is currently set at \$ 0.06500/kWh

The City shall review the Rider PCA calculation monthly. Following such Rider PCA review and calculation, the City Manager shall direct the Rider PCA to be applied, as deemed necessary to accomplish recovery of the City's power supply related costs and expenses in a timely manner.

Residential Service*

Monthly Meter or Customer Charge \$21.00
All kWh Energy Usage \$0.1325/kWh*
Rider PCA

All Electric Residential Service*

Monthly Meter or Customer Charge	\$21.00
All kWh Energy Usage	\$0.1307/kWh*
Rider PCA	

Commercial Demand Customers

All three phase commercial customers, excluding churches and municipal accounts, and any single phase commercial customer that has had a monthly usage greater than 25 kW or 5,000 kWh in the last 12 months, excluding churches and municipal accounts.

City Commercial Demand Rates

Monthly Meter or Customer Charge	\$26.25
First 5,000 kWh per month	\$0.1316/kWh
All remaining kWh per month	\$0.0803/kWh
First 25 kW per month	\$ 0.00/kW
All remaining kW per month	\$11.87/kW
Rider PCA	

Rural Commercial Demand Rates

Monthly Meter or Customer Charge	\$26.25
First 5,000 kWh per month	\$0.1416/kWh
All remaining kWh per month	\$0.0903/kWh
First 25 kW per month	\$ 0.00/kW
All remaining kW per month	\$12.87/kW
Rider PCA	

Commercial Lighting*

All churches and any single phase commercial customer that does not qualify for Commercial Demand rates, excluding municipal accounts.

Monthly Meter or Customer Charge	\$21.00
All kWh Energy Usage	\$0.1316/kWh*
Rider PCA	

Private Generation/Distributed Generation Customers

Appropriately sized generators (as defined in K.S.A. 66-1,184) owned by customer-generators may at times either generate more electricity than the customer can consume on premises or only meet a portion or none of the customers electricity needs. During periods of time when the generator owned by the customer-generator cannot provide all of the customer's electricity needs, the electricity provided by the electric utility will be billed at the same rate as that established for similar rate class customers that do not own generation. During periods of time when the generator owned by the customer-generator produces electricity in excess of its own needs, and such excess electricity is supplied back to the electric utility, the electric utility shall compensate the customer for this excess energy at a rate that is 150% of the utility's monthly system average cost of energy per kilowatt hour, per K.S.A. 66-1,184.

***Add \$0.0100/kWh to above electric rates for customers not in the City limits**

Dusk to Dawn Lights

- Option 1: \$150.00 in full and \$9.50 (Electricity and Maintenance) per month thereafter, or
Option 2: \$39.50 per month for 5 months and \$9.50 per month thereafter

Municipal Service

All kWh Energy Usage \$ 0.08000/kWh

SEWER-Residential Sewer charges shall be based on an average of the gross water consumption by each customer for the months of December, January and February of each year.

In City Limits-Minimum \$ 22.05 if water is on with no usage; an additional \$ 5.80 per 1,000 gallons of water used shall be charged.

Outside City Limits- Minimum \$ 38.60 with no usage. An additional \$ 10.15 per 1,000 gallons of water used shall be charged

New Residential Customer- shall be charged \$ 56.85 per month until there are sufficient records to calculate the average for such customer.

Commercial Sewer Charges -shall be based on each month's water use; at a rate of \$ 22.05 minimum and \$ 5.80 per 1,000 gallons of water usage for that month.

Septic Dump Charge- \$25 per dump

SANITATION CHARGES:

As established by contract with Stutzman Refuse Disposal and the City of Hoisington with an additional five percent to administer the billing.

AMBULANCE SERVICE: PATIENT FEES

The following fees shall be charged to each patient occupying an ambulance.

- | | |
|----------------------------------|---------|
| a) BLS Non-Emergency Run | \$500 |
| b) BLS Emergency | \$700 |
| c) ALS Non-Emergency | \$550 |
| d) ALS Emergency | \$875 |
| e) ALS-2 Advanced ALS | \$1,050 |
| f) SCT- Specialty Care Transport | \$1,200 |

- All of the above runs receive an additional charge of \$18.00 per loaded mile

g) For each run within or outside the City limits where a needed medical assessment, medical intervention or medication is given and the patient refuses transport, a charge of \$200.00 will be charged.

- h) For each run within or outside the City limits where no medical intervention is needed, only a physical assist is given and the patient refuses transport, a charge of \$100.00 will be charged with the following exception. A patient will be allowed three non-emergency physical assists within a year before being charged.
- i) For each run within or outside the City limits where a needed medical assessment, medical intervention or medication is given and the patient is then transferred to any other Emergency Medical Service the appropriate base rate in the above table will apply. (Unless a Mass Casualty situation in which a patient would fall under City of Hoisington Mass Casualty Policy).
- j) When transferring an EMS Flight Crew between any hospital and airport the base BLS Non-emergency rate, plus mileage will apply.
